

Individual assignment – cost control

Review the reality of the 3 cost control points detailed in the learning material (see below) against the ‘reality on the ground’.

Find out how cost control is handled in your own organisation. Write a review of this and compare how your business controls costs in comparison to the process described: below; in your notes; and in any other sources that you can find on the internet or in books. Comment on the effectiveness of the processes used.

Cost control

‘The systematic restraint on expenditure in order to secure completion within pre-determined budgets or targets’ (Controls & Skills Authority (CaSA)).

To achieve this end, cost control will apply systematic restraint at three major cost control points of the project (or capital venture) these being:

- At the point of release of budget funds.
- At the point of commitment.
- At the point of approval of expenditure.

Approach this report in the same way as you were instructed to approach the Module A individual assignment. Submit as outlined in the Module A instructions.

Write about 1000 words, plus illustrations/diagrams and plus bibliography. This is approximately 2-4 sides of A4.

The learning outcome that this work contributes to is:

- To gain an understanding of cost control and cost management.
